

UNLOCK THE POWER OF JUST INTELLIGENCE

Today's corporate leadership demands data-driven insights that align with stakeholder interests and drive enduring business value.

Introducing JUST Intelligence – a cutting-edge analytics tool that empowers you to navigate complex stakeholder issues and fuels your competitive advantage.

In addition to the standard features JUST Intelligence includes for ranked companies, JUST Intelligence subscribers can dive deeper into your company's performance on critical data points in the JUST Capital rankings. With exclusive access to advanced features, your team will be equipped to make smarter, data-driven decisions to optimize your investments.

STANDARD FEATURES FOR ALL RANKED COMPANIES:

Performance Explorer

Guides you through your performance in JUST Capital's rankings.

Performance Highlights

Provides a snapshot of your company's highest and lowest performing data points in the JUST Capital rankings.

PREMIUM FEATURES FOR SUBSCRIBERS:

Best Practice Tool

Highlights examples of leading disclosure practices and identifies top-performing Russell 1000 companies on disclosure-based data points.

Peer Comparison

Benchmarks your company's performance on key data points against industry peers and the broader Russell 1000.

Enhanced Performance Explorer

Leads you through a more robust analysis of your company's performance on JUST Capital rankings, inclusive of year-over-year performance, industry disclosure rates, average company performance, and more.

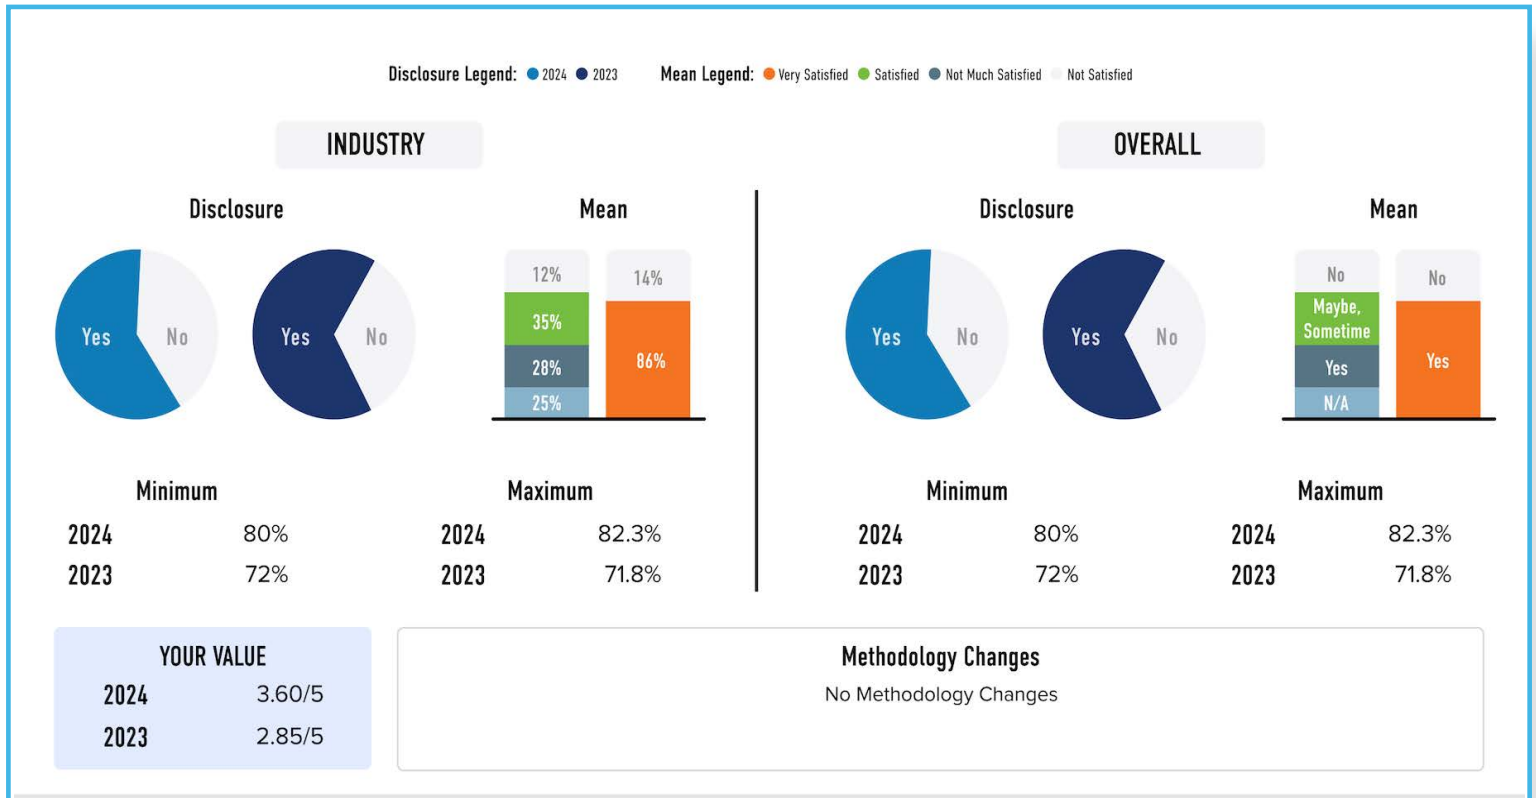

SUBSCRIBER BENEFITS

Access to All Premium Features

Early Access to Data and Insights

Dedicated JUST Capital Support and Onboarding

The full suite of features for JUST Intelligence will launch at the end of January 2025. Subscribers will gain early access to their rankings and data ahead of JUST Capital's 2025 Rankings release.

ABOUT JUST CAPITAL

The mission of JUST Capital, an independent nonprofit, is to demonstrate how just business – defined by the priorities of the public – is better business. Our goal is to help companies create value for all their stakeholders – their workers, customers, communities, the environment, and shareholders – by focusing on the issues that matter most to Americans.
